

EYH Vaccination policy

In light of the current COVID-19 surge, vaccinations will be required for the 2022 conference.

Vaccinations will be required for ALL attendees, of all ages. Booster shots are required for those eligible. Proof of vaccination MUST be provided at check in.

All attendees must be fully vaccinated two weeks prior to the conference date on March 12, 2022. Therefore all attendees must have received 2 doses of Pfizer-BioNTech (5+ years old) or Moderna (18+ years) or 1 dose of Johnson & Johnson's Janssen (18+ years) by **February 26, 2022**.

Vaccine boosters: All attendees, volunteers, workshop leaders, and event coordinators (18+ years) must have received a booster shot if they are eligible prior to the conference: [CDC booster eligibility guidelines](#). If you got the Pfizer or Moderna vaccine, you're eligible for a booster five months after your last shot. If you got the Johnson & Johnson's Janssen vaccine, you're eligible two months after you got the shot.

Please email questions or inquire about medical exemptions to eyhberkeleyinfo@gmail.com.

I assert that I understand the vaccination requirements and that proof of vaccination prior to Feb. 26, 2022 will be required at check-in.
