**EYH Vaccination policy**

In light of the current COVID-19 surge, vaccinations will be required for the 2022 conference. **Vaccinations will be required for ALL attendees, of all ages. Booster shots are required for those eligible. Proof of vaccination MUST be provided at check in.**

All attendees must be fully vaccinated two weeks prior to the conference date on March 12, 2022. Therefore all attendees must have received 2 doses of Pfizer-BioNTech (5+ years old) or Moderna (18+ years) or 1 dose of Johnson & Johnson’s Janssen (18+ years) by **February 26, 2022.**

**Vaccine boosters:** All attendees, volunteers, workshop leaders, and event coordinators (18+ years) must have received a booster shot if they are eligible prior to the conference: [CDC booster eligibility guidelines](https://www.cdc.gov/vaccines/basics/booster-eligibility.html). If you got the Pfizer or Moderna vaccine, you’re eligible for a booster five months after your last shot. If you got the Johnson & Johnson’s Janssen vaccine, you’re eligible two months after you got the shot.

Please email questions or inquire about medical exemptions to eyhberkeleyinfo@gmail.com.

I assert that I understand the vaccination requirements and that proof of vaccination prior to Feb. 26, 2022 will be required at check-in.
