

DEFEND OXFORD TRACT:

SOIL HEALTH TO COMMUNITY HEALTH

Schedule

- 1-2 PM: Farm tour & soil health workshop
- 2-3 PM: Cooking demo, tabling from: CalFresh, Housing & Dining, Food Pantry, CAFF & more
- 3-4 PM: Round table discussion about food & housing security

The University has decided to develop Oxford Tract for market-rate student housing. This decision undermines the value of the land, soil, and the work that relies on access to this space to grow food security and justice for our community. Come engage with the work happening at Oxford Tract & discuss alternative visions to address our communities basic needs.

April 26th
1 - 4 PM
Oxford Tract
